1

Paige Mobile 1 systems alert you the moment your secure loop has been compromised. These instructions will guide you through the installation of the equipment and the setup of the alerting system via the xProxy app.

2

Download the free xProxy app for your iPhone or Android device (use your phone's QR code scanner to go directly to the download page).

Create your account.

Put in your device Serial No. included with device.

Put in your email address.

Put in your password.

Select "Save Password"

Select or not "Auto Login"

If not selected then press "Login"

Serial Number

3

"Select Edit and give your device a name. Be sure to choose something that includes a complete description about the asset being protected and it's location.

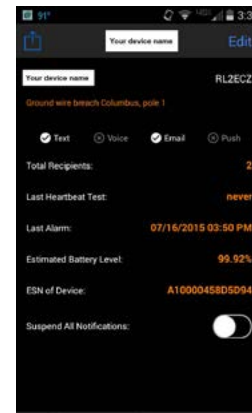

(front lot on Eastbound Highway 66) Next, create the message you would like to be delivered when the loop is broken. Next, choose how you'd like to be notified (email, text message, and/or push notification.) Each type of notification can be turned on (slide to the right) or off (slide to the left.) When finished, select Done.

4

Your Mobile 1 is now armed and ready. If you should ever choose to suspend all notifications

(intended disconnect to add or remove inventory) you can do that from the "Device Screen." You are now able to close out of the app and go on with your day!

VERSATILE

You can use the Mobile-1 to protect almost anything, almost anywhere. Find a spot for the magnetic feet on the back of the device, loop the cable through a couple fixed points, connect the two ends and you're protected!

CUSTOM ALERTS

Get alerts for you or your team members even when you're out of the office. The Mobile-1 sends custom SMS messages directly to your phone when a problem occurs.

NO HIDDEN FEES

The Mobile 1 comes with 5 years of prepaid data service on the Verizon nationwide network.

EXPANDABLE

The Mobile-1 comes with 3 foot lengths of cable to secure your assets. Additional cables come in 15 foot lengths and are expandable up to 3,000 feet.

LONG LASTING BATTERY

The Mobile-1 is outfitted with a 5 year battery helping make installation quick and reducing the need for maintenance.
